Dear Sir:

RECEIVED

This paper is filed in response to the official action dated April 22, 2002. In the official action the Examiner set forth a double patenting rejection based upon applicants prior U.S. Patent No. 6,291,266. The Examiner indicates that a terminal disclaimer may be used to overcome this rejection.

Enclosed herewith is a terminal disclaimer signed by Daniel R. Allemeier, a officer of the assignee of this invention. The requisite official fee is also enclosed herewith. With the lodging of this terminal disclaimer, the double patenting rejection should fall away and this application should be allowed.

Reconsideration of this application as amended is respectfully requested.

Our check #15480 in the amount of \$110.00 is included in payment of the official fee due in connection with the terminal disclaimer.

The Commissioner is authorized to charge any additional fees which may be required or credit overpayment to deposit account no. 12-0415. In particular, if this response is not timely filed, then the Commissioner is authorized to treat this response as including a petition to extend the time period pursuant to 37 CFR 1.136 (a) requesting an extension of time of the number of months necessary to make this response timely filed and the petition fee due in connection therewith may be charged to deposit account no. 12-0415.

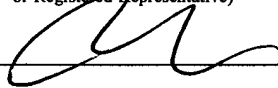

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to:
